PRAWN, being a network of anti-war groups, is an umbrella group that has continued to coordinate groups to conduct actions in the region. We have a movie/slideshow projector that we use to spread the anti-war message. We currently meet at the 30th St Station eating area (Next meeting dates and any future change of venue will be posted on our website).

We're getting cars to honk at Broad & Arch Streets on the Last Friday of each month from 5:00pm to 6:00pm (There used to be a Recruiting Station there).
